1. Each time you win a "first place," write the date for that event.
2. Fill in the columns from left to right, no matter what level (Nov, Beg, or Int) the 1st place was won in.
3. You can be at a different level in different events (for example, Beg, Basic and Int. Presentation).
4. After you have won one first place, you cannot enter Novice in that event. After you have won 5 firsts, you cannot enter Beginning again.
